**Location** ID

**Description**

**THE SILVER WEASEL**

Freckles is a classy 5 year old AQHA gelding. 15hh and 1100 lbs. Stunning gray with long black mane and forelock. He's been ridden in the mountains extensively and will cross water, go over logs, side-pass and neck rein. He is sure-footed and has good black feet and bone. Lopes a nice circle. He really gets his hind end under him when he stops. Freckles would be an all-around family horse due to his quiet disposition. Point him in the direction you want him to go and he will drop his head and get you there. He walks out nice, not too slow, not too fast, but paces himself and covers the country. Haul him alone or with other horses, no problems. He rides out by himself, not barn sour. He's been ridden on the asphalt with cars passing, no issues. We've gathered cattle on him and roped a heel-o-matic.
