**Trainer Email** [ripleyubellio@gmail.com](mailto:ripleyubellio@gmail.com)

**Trainer Phone** 4358280019

**Description**

Miss Daisy

If you have places to be and things to do, Miss Daisy is your girl. She is a big horse with a tiny body and a big motor to match. She has an "in your pocket" personality that is hard to not love. Daisy got her start pulling a cart and has become an awesome driving pony and has been to a local draft horse show and she absolutely loves it. We have used this girl on the ranch to sort, gather and doctor cattle. 4H kids have introduced her lightly to the barrel and pole pattern. She has been started breakaway roping as well as heeling and she is really showing a lot of potential. We have even hauled her to some amateur rodeos and ended up helping shag bulls. We have turned back on her as well as sorted back pens at ranch rodeos with this fun little mare. Of course, we can't

forget that she has been ridden english a small amount. Daisy truly loves just getting to go to work wherever you decide to take her. This 13.1 ball of fire has the bone, foot and body to pack an adult but is also the perfect size for an experienced child. This pony has the most personality that I have ever seen and she is always on a mission; that is why she would not be best for a beginner. She loads, hauls, bathes and is good to shoe. Whenever you pull her out of the pasture, you are sure to be noticed by everyone. We definitely need to explain what her breeding is though. She is ½ Clydesdale, ¼ Gypsy Vanner and ¼ Welsh pony; I know, it is a pretty interesting cross. For more information or to try her before the sale, you can find us at "2 Ranch Horse and Livestock" on Facebook or at 435-828-0019
