Description

Oakie

Here is a real shapy, nice made cowbred gelding. He's gentle, easy to ride and willing to do what you ask. He's been used on the trails, done ranch work, trail courses, started roping. He will ride for most anyone and stay broke. He lopes a slow easy circle, good trot, neck reins and has a good stop. He's broke and rides correct. He's clean legged, clean xrays and built like a nice quarter horse should be. Okie is going to fit a lot of different riders with his willing easy going personality.

Quantity: 1
