Description

Flare

Flare is one stunning gelding I am excited to offer. He is a very solid minded gelding that is bred right and has the potential to complete any task you put in front of him with his athletic ability and classy personality. Flare was started in a reigner program and has a smooth lope, great turn around, with a big fancy stop. He is super easy to

rope on outside and green on the heel side with the potential to be the best. Flare would make an exceptional all around horse in the Ranch versatility, Ranch riding, Roping and Cow horse with his unlimited ability. He has plenty of experience outside on the ranch and will put in a days work without asking. Flare is one that the ranch owner would be happy to swing a leg over day after day. He has tons of natural cow and is my personal favorite to cut and sort on. Take him to a team penning tomorrow and you will be confident to win. Flare will drag anything you dally on to and isn't afraid to use his athletic abilities to help him. Weather the task is walking down the trail or pushing cows, any one would look good on him. Call Keaton at 208-403-1060 for more info.
