Description

Jack

We are so excited to offer this gorgeous Buckskin Gelding, Sir Hollywood Jac aka "Jac"! He was in the family for most of his life and one my 4 yr. old can ride and little girl likes to brush, comb and braid on. He is broke the best and really fun to ride, from his slow and smooth lope to his cool spin, side passes, neck reins and with the push of a button will drop his head to the ground. He has seen the tarps, balls, bull whip, logs and the bridges. Was out in the beautiful trails of the Big Horn Mountains and the wonderful Hills of the Ozarks. Is started on the head side and will track a cow, was used to gather cows on the ranch and is real athletic for how big he is! He was used at the sale barn to

pen back cattle and has seen the big semis rigs and doesn't bother him. Stands for the farrier and like bath times. stands 15.3 and weighs 1300#. Would love to show him to you or call us. Sells 100% sound!! FMI Call Dominic 417-733-5013
