Description

Bartender

Bartender is a nice, beautiful blue roan gelding. He's been used a bunch in the mountains – going in and out of hunting camp – packing gear and guests. We've always been able to depend on him to get the guests there safely and without issue.

He's great on the trail crossing anything in the path. He's been exposed to everything in the back country and he doesn't miss a beat. He's been used on the ranch roping and moving cattle. We are pleased to offer this nice gelding. FMI Jesse 307-699-1191
