Description

BUCKEYES RANGER

We are very honored and excited to be presenting BUCKEYES RANGER. He is a 2017, 15.2 hand draft cross gelding. He is out of a Spotted Draft stallion and a Quarter Horse mare. He is one of the best put together draft crosses that we have ever had. He was started out west with a solid foundation that shows in his easy going temperament. He was incredibly easy to put through our program and loved learning all the fun things that we taught him. He can be ridden English or Western and has a great neck rein. No matter where we have taken him, he has always settled in with ease and rides off like he has been there his whole life. He loads quietly on to any trailer and will stand quietly tied to the the trailer when you are taking breaks during your ride. Ranger has been ridden by several different levels of riders and will always take care of his rider. He is a horse that you can trust to put your first time rider on and know they will be

safe. He goes out alone from the farm without any issues and you can ride him in a group anywhere you choose to ride. We have kept him out and in the stable and he does not have any bad habits. Ranger does not need to be in any solid program to always be the same horse when you get him out. No matter how little or how much you ride him, you would never know the difference. If you would like to learn more about this guy, please give Duane Yoder of Buckeye Acre Farm a call at 330-231-2324.
