Description

ROCKIN MONEY SABRE

Bullet is a big strong 5 year old gray gelding that stands 15H and weighs 1300 lb. Bullet is calm natured, dependable and easy to get along with. We have owned him since he was a baby and watched him grow into an awesome horse that will catch attention wherever he goes. We have used him on cattle roundups and brandings. Bullet has been on many hunting trips and knows what wild animals look like. He will cross water and logs with no fuss. Tarps and whips are ok with him. Bullet is gentle enough kids and dogs get along with him great. We are roping both ends with him, he is a great head horse! Bullet has a nice gentle easy to ride lope. He will lay down for you to get on if you want to. And sit up like a big dog for fun! Bullet has A great turn around and will stop nice. He is easy to shoe. He will load and trailer great. Come out

to the ranch in Colorado and meet Bullet! Offered by Shrocks Performance Horses
