Description

GOTTA ROCKET MAN

Hello gorgeous! Denali is a super classy, talented and highly skilled own son of the hottest reining horse sire, SPOOKS GOTTA WHIZ! His gentle, kind and eager to please disposition make him first class in my books! He is fun to ride and a total sweetheart! Standing 15 hands, Denali is very balanced and well put together. This elegant moving gelding has a ton of presence in the arena with his glowing dark coat, level top line and naturally low head set. Denali has a solid reining foundation and all of his maneuvers are pretty impressive, easily earning pluses in the show pen. Denali has a one hand

neck rein, smooth, slow lope and a comfy jog. He has fancy spins, effortless lead changes and big, pretty stops. He is naturally made for the reining, ranch riding and Versatility Classes. He has the cadence, looks and the mindset to take you all the way. Denali excels outside the arena as well. He's very quiet and calm on the trails and has been exposed to all kinds of activity. Loud gunfire, busy highways, blowing tarps, crazy dogs, pigs, camels. You name it, he has probably seen it. Denali is a superb partner on the ranch and knows what a wet saddle pad is all about. He has a ton of natural cow and is fun to use sorting steers, pushing cows pasture to pasture, and he will drag anything you dally up. Whether you are in the show pen or on the trail he will always make you look good, no matter your task at hand. Denali will meet you in the pasture and loves attention. He has quiet ground manners and is patient, and kind. I think the world of this sweet boy and I know he will be loved in his new home! Denali is sired by SPOOKS GOTTA WHIZ, NRHA Triple Crown Winner, earner of \$317k NRHA, 2x FEI World Equestrian Games Gold Medalist, and NRHA Futurity Champion and \$2.5 million Producer. For more information or questions please call Mozaun 505-470-4872 or Sarah 903-815-5150.
