Description

HIGH ROLLN BUMPER

HIGH ROLLN BUMPER or Boon as we call him is a 2016 Red Roan gelding by HIGH ROLLER REY. HIGH ROLLER REY has NRCHA earnings of \$50k+, and was a finalist in the NRCHA open futurity. Boon is a beautiful gelding with a stout build standing right at 15 hands and weighs a full 1200 lbs. He is a unique colored Red Roan with plenty of bone and foot to make him last a lifetime. Boon has a cowhorse background and is so much fun to ride with flawless lead changes, a deep stop and great turn arounds. He will get you noticed wherever you are. Whether you're riding on the trails, ranch riding, team roping, or the family is enjoying him, Boon will be a perfect gentleman that is not only an exceptional athlete but a great family horse as well. We have hauled this exceptional gelding to ranch rodeos, roping jackpots and the branding pen. Boon is a great "switch ender" rope horse who can do both ends exceptionally well. He scores

great, has a lot of rate and a great move that is really easy to handle cattle on the head side. On the heel side, he lets you see the feet at all times before finishing with a deep stop. Boon will really watch a cow, you can cut, take one down the fence or even sort on him on the ranch. To top it all off, Boon knows tricks as well! He can lay down on command and side pass to the fence for you to get on! Boon has been used on a cattle operation his entire life, he has been used to brand, sort, ship and doctor cattle giving him a strong work ethic and an easy going personality. Boon is the same horse every time you catch him - whether that is twice a year or every day he remains honest and broke. We encourage you to come try Boon before the sale or feel free to give us a call at 208-351-7684.
