**Description**

LOTSA BUCKIN CHEX

Very excited and humbled to be able to offer you this incredible registered AQHA gelding LOTSA BUCKIN CHEX. He is a 2013, 14.3 buckskin gelding. We call him Cactus and have really enjoyed having him for two years and taking him through our program. He was born and raised here in Ohio locally by a young girl. He was started slow and taken on a lot of trail rides to begin with. He also spent some time with a professional reining trainer to get tuned up on some cues and learn the maneuvers of a reining horse. He is really suitable for anyone of any level of riding. He has yet to step foot into a show ring, but would be willing and able to go and have fun doing it with no issues. He has one laid back and mellow personality which makes him so easy to train and take to new environments. He loves to please and he really goes out of his way to do what ever you ask him to do. He has three very smooth and easy to ride gaits and

will go English or Western and is a dream to ride bareback and bridleless. Cactus has spent a lot of time on lots of different types of trail rides and will go in all kinds of terrain. He watches where he places his feet and has a great walk to him. He is not spooky at all and will go through water, cross bridges, and is fantastic in heavy traffic. He has been used for beginner riders on moonlight rides with large crowds and lots of other riders with covered wagons and he is as cool as a cucumber. He never lets anything get him excited or worked up. He will lead or follow on the trail and you can feel confident taking him out alone right from your farm. Cactus is a horse that loves attention and is such a sweet and forgiving horse. You can let him sit for days or weeks and he is always the same when you get him out. If you are looking for your confidence builder, this is definitely one that you should check out. To learn more about how to make Cactus yours, please give Duane Yoder of Buckeye Acre Farm a call at 330-231-2324.
