Location Ohio

Description

BUCKEYES APOLLO

Wow! What can we say? Just one look at the incredible boy and you can see how awesome he is. BUCKEYES APOLLO is a 2017 registered draft cross gelding standing 15 hands high. He is out of a Percheron stallion and an Appaloosa mare. If his looks do not impress you enough, then his loving, laid back personality will surely melt your heart. He was born and raised here in Ohio locally and was one of the easiest horses to start. He not only is a fun horse to ride, he is also equally well trained to drive too. Apollo can ride English or Western and looks great doing it and has a good neck rein too. He is a great size with a nice sized foot for anyone of any age and has been ridden by all different levels of riders and takes care of them very well. He has three smooth, easy to ride gaits. He has a good smooth lope that makes you want to lope all day. He has been on miles and miles of trails and will go anywhere you ask him to go. He will lead or follow and has no problem riding away from the group on your own. He goes

through water, over bridges, and rides very well in traffic. He does not spook or look at strange objects on the trail, and has the confidence to take a beginner on any ride you want. He has been trailered to lots of different places and always settles in with ease. Apollo has fantastic ground manners and can be kept in a stall or out in the pasture with no bad habits. He is a horse that you can let sit for days and months and he will be the same each time you get him out. If Apollo is the horse you have been looking for, please give Duane Yoder of Buckeye Acre Farm a call at 330-231-2324, he will be happy to chat.
