**Description**

**Rio Quijote Boy**

Are you looking for the horse of your dreams I think this might be the one! As cute as they come and quiet/safe as we have had one yet!

Meet Rusty a 2017 AQHA chestnut Gelding.

Rusty stands a fun size of 14.2 he is a Registered American quarter horse. This guy has all the training and went through our entire program with flying colors. Rusty is 100% in every way, and we are proud to offer him available here at Diamond K in Jackson Ohio. Rusty has done about everything a horse can do From Reining to Ranch Riding to Showmanship to Trail Riding to parades to roping to Ranch work. He knows what a days work is and will start out the same in the morning as he will coming back to the barn at night. You can leave him sat in the stall for two weeks pull him out and never have to train or lunge

him he is broke and will stay broke. This is the kind of horse everyone is looking for and will fit every discipline and style of rider from advanced riders to beginners. He is trained enough that a beginner could learn a ton from but still quiet and good minded enough for a beginner to never lose confidence or get scared on. At the same time, he has so much training, an advanced rider can hop on and have a blast with Rusty.! He is 100% sound and has no health issues. Rusty is great out in the pasture with other horses and always super easy to catch. He rides with a bridle or without he rides with a saddle or without he doesn't care at all! He enjoys everything you throw at him and is always super willing to learn new things. Rusty is not a spooky horse and is always very attentive to his rider. He's the kind of horse you can go to a show and win one day and go for a fun ride out on the trails or with your friends the next. He rides in a group or out alone by himself! We are so confident in Rusty he is even selling with a 30 day guarantee !! Be sure to check him out and take a look at his video. Feel free to give us a call at 330-231-2311 or come see him in person at our farm. Thankyou
