Description

SWINGIN CHANDELIER

Alpine's elegant look turns heads in any crowd, he's a standout in the arena or on the trails with his flowing mane and tail. Exceptionally versatile, he's been used extensively out on a ranch, has a strong foundation as a rope horse and is a NRHA money earner. Standing 15.1 hands, with correct conformation and substantial bone, this 2013 gelding is the perfect size for any discipline you choose – he even looks fabulous under

an English saddle. Alpine is quiet and confident riding out alone or in a group, he's honest and will go where you point him on the trails. This easy-going handsome gelding is extremely broke and performs all maneuvers with class. Spins, sliding stops and automatic lead changes, he comes with all the fun buttons expected in a finished Reiner. He quietly gears down to accommodate novice riders; he's been tested by kids and all levels of riders. His willing disposition will make him your top pick for whatever the day brings. Alpine is gentle enough for anyone to enjoy out on the trails and talented enough to continue showing in the arena. Bred for athletic excellence and trainability, he's sired by NRHA money winner and Congress futurity champion Brennass Red Pine Jac. On the bottom side, Alpine is a grandson of Right This Minnick who was a NCHA and NRHA money earner sired by the legendary Colonel Freckles. He stays gentle with time off, Alpine will be the same whether you rode him yesterday or last month. He hauls very well, stalls anywhere, and stands tied quietly at the trailer. He's an easy keeper and easy to be around with impeccable ground manners. He's great for the farrier, easy to clip, bathe and just enjoy. We'd love the opportunity to introduce you to Alpine prior to the sale, call Estevan @ 505-450-5519 with any questions or to set up an appointment to come meet him.
