Description

GT TINSELTOWN GUNMAN

When you look at GT, you will be looking at perfection! He is one of the prettiest geldings that we've ever had the privilege to own. His conformation is flawless, his attitude and personality are out of this world, and he has athletic ability off the charts. GT is sired by the \$316,000 money earner, Gunners Tinseltown, who was also the NRHA Futurity Open Reserve Champion. His dam is a daughter of the great Shining Spark and she has won over \$6000 and produced over \$150,000. GT is the prime age of 5 years old, stands 15 hands with excellent foot and bone, and weighs 1250 lbs. Versatile doesn't even start to describe this horse....ranch riding, trail riding, ranch horse, family horse, or anything else your wanting to do, he will do it with ease...big

stops, beautiful spins, great lead change, he does it all! GT is a beautiful mover that is soft in his face, moves off your legs, and always wants to please. He has an unbelievable personality and loves people and attention and is the same horse every day of his life, no matter how often or how little you ride him. I can write for days about how special this once in a lifetime horse is, but once you come meet him, you will know how special he is!
