Description

CG TANQUERYS ELVIS

Elvis is a drop dead gorgeous palomino gelding. He is super gentle, has a friendly people loving personality, easy to catch, loves bathes, and stands great to braid. Elvis is one of the nicest, most versatile horses you will ever swing your leg over! He is very well trained and is extremely quiet and easy going. He can run a reining pattern, work and rope a cow, go to the shows on the weekend and then throw your kids on him to

mosey down the trail. He stays broke and is always reliable and is the same horse every time. Elvis has beautiful smooth spins and deep sliding stops. He has a lot of natural cow, good rate, and is strong from the horn. He always puts a smile on your face and is definitely a barn favorite. He is always the one to grab and ride when I need a stress relief. He is has a very smooth, comfortable trot and lope. Elvis stands to mount and is good with a mounting block. He is a point and go kinds fella with absolutely no fuss or nonsense. Elvis does not require regular riding and will saddle up gentle after long periods of time off. He is a once in a lifetime kind of horse. For more information contact Darla @ 717-917-4669.
