WANDER K

One look at this fairy tale horse and you will have all your dreams come to life. Wander is a 2015, 16.3 hand, registered Friesian gelding. He is your traditional Friesian with his long flowing mane and tail and extraordinary movement at each gait. He is not only amazing to ride, he is also a beautiful driving carriage horse as well. This boy screams photo-shoots and dressage with everything that he is. He has the most natural uphill canter, a ground covering - over stepping walk, and a floating extended trot, that is waiting for the right person to take him in any direction that they would want to go. He has been with us and gone through our program with flying colors. He has a wonderful, trainable mind that just wants to please his rider and will always look amazing doing it. Wander is definitely an athletic horse that loves to show off his

incredible movement, no matter where you take him. We have ridden him in a Western saddle and also English. He is a lot of fun to ride bareback and bridleless with his high neck set that just holds you right in there. He performs our tricks and is a true sweetheart of a horse. He has three very easy to ride gaits. He does carry himself in a traditional Friesian manner, but he has no problem coming underneath himself for a great collected canter and trot. He has been on lots of trail rides and will go through water, over bridges and has been great being ridden in traffic. He is used around farm equipment and animals and just loves to play with anything that you can give him to play with. He has that curious playful personality that is always looking for a little something to get into. He is loving horse that gives the best hugs with his big long neck. He will walk onto the trailer with ease and come off like gentleman. He does not have any bad habits in or out of the barn and will come running when you call him. If Wander is the horse that you have been looking for please give Duane Yoder of Buckeye Acre Farm a call @ 330-231-2324.
