Description

BRAZOS VINTAGE

Just as black as 100X felt cowboy hat, Stetson possesses the rare combination of temperament, looks, bloodlines, experience and athletic ability to go in absolutely any direction. The complete package, this 2017 gelding will stand 15 hands and weigh 1200lbs. Sound and sane, Stetson has a stout build with substantial bone and very correct conformation that will enable him to handle any career. Take him to the show pen, roping arena, or enjoy cruising around the ranch on this fancy ride. Stetson's exceptional talent level is no accident. He's sired by the legendary A Sparkling Vintage, who has lifetime NRHA earnings of \$82,000 and has a strong record of passing his talent onto his offspring. A Sparkling Vintage is a NRHA 2 million dollar sire and sire of

2 Triple Crown Champions in the NRHA. Stetson's dam is a daughter of Bueno Chexinic who won \$28,399 in the NRHA and whose offspring have excelled in Reining and Cowhorse shows. Stetson has spent his life in the best professional programs, his foundation as a Reiner made him light mouthed and responsive to your leg cues. Stetson can spin like a top, has a big pretty stop, beautiful flowing lope and undeniable show ring presence. Estevan has continued to build his education with a strong solid foundation as a rope horse and he will be a standout in any roping event. Quiet in the box, Stetson breaks flat, can really run and effortlessly get in the ground with a big pretty stop. Out on the ranch, he's happy to go all day and is surefooted through any kind of rough country whether it's alone or with company. He is sensible with a ground covering walk that makes gathering cattle in even the biggest pastures fun! He's handy to sort cattle on and comfortable working the gates. He stays gentle with time off and is easy to be around. We'd love the opportunity to introduce you to Stetson prior to the sale, call Estevan @ 505-450-5519 with any questions or to set up an appointment to come meet him.
