Description

DUN IT HICKORY

When the red carpet is rolled out, the paparazzi can't help but stop and do a double take of Kash! This stunning 2016, 14.3 hand, stout, dappled golden palomino gelding with a long snowy white mane and tail always steals the show! By an own son of Hall of Fame Sire Hollywood Dun It and by an own daughter of the Legendary High Brow Hickory. Kash portrays the distinct "Dun It" demeanor and astounding athletic ability with the extra cow sense of the "Hickory" line. Kash has the ultimate Reining, Cutting, and Cowhorse pedigree. His big, soft, kind eye says it all. Kash's personality is second to none. Kash is a show winner in the ranch versatility and ranch riding events!! He is accustomed to lots of one-on-one time and is the perfect gentleman in every way. Reining, Working Cowhorse, Trail Riding, Ranch Pleasure, Mounted Shooting, Ranch Riding, English, Western Dressage, Ranch Trail, and Team Roping are all events he works with or without a saddle! Kash has effortless lead changes, a Texas trot, pretty spins and long stops. His transitions are flawless, with a smooth slow lope and a nice, comfortable pitter-patter jog which has consistently put him in the winner circle. Kash willingly guides wherever you point him on the trails and has been ridden in lots of different types of terrain. We have used him all over our ranch in both Montana and Arizona working and sorting cattle with working dogs under foot. He side passes to open and shut all the gates, moves cattle quietly, is good to sort in the pens and easy to rope off of if needed. Kash is a finished team roping horse, on both ends he scores like a rock and is shorter bodied to steal your starts, reads cattle well, with a fancy handle and snappy face. You will wake up every morning looking forward to going out to the barn just to see his sweet face and appreciate his kind soul every time you saddle him up or lay him down for some cuddle time. Kash will truly be an asset for so many people. Kash is a very special gelding that just doesn't come around everyday plus in November Kash passed his vet check along with a clean set of radiographs! We would love to have you come and visit Kash at our ranch in Wickenburg, Arizona give us a ring at 406-381-2347.
