Gender molly

Color Sorrel

Height 15.1

Location AR

Description

Ada Sue

Ada Sue is an 8 yr. old and is a very solid broke mule. She stands at 15.1 and has a build to her that is second to none. She was born and raised in southern Iowa. She is out of a quarter mare and the great Jack, "Warpaint". We bought her from the fellow that raised her. She has been exclusively trained by Rocky Ridge mules. She's as friendly as they come, easy to catch with a little feed. Easy to shoe. Loads very well and backs out of the trailer. She has had tons of trail miles in the roughest of terrain in the Ozark mountains. She crosses water, downfalls, and up hills with ease. She was used this winter in the stockyards penning cattle. She will side pass and back up willingly. She has been roped on some. Ada Sue rides good at the sale barn penning cattle and would

make someone a good cow mule. For more information, please call Enos Borntrager at 870 274-5225.
