**Location** WY

**Description**

Trixie

One of the sweetest and smoothest mules ever, meet Trixie! You say you want a unicorn? Trixie is as close as you'll get! She's a 2017 model, 15 hand, appaloosa quarter horse cross with brains, confirmation, and disposition all wrapped in one. We've never had a mule more loving, intelligent, and fancy as Trixie. Don't let her age fool you. She's seen more than most 10 year olds and acts more like a grandma. This mule screams photo shoots and mule shows with everything that she is. Trixie has been in our program and passed everything we've offered her with flying colors. She has a wonderful, trainable mind that just wants to please her rider and will always look amazing doing it. Trixie is an athletic mule that would excel in the show pen, ranch riding, trail courses, and anything you want to offer her. We've ridden her in a western saddle, english saddle, and bareback. She's game for anything! Trixie is soft in the face and easy to ride, no matter what level of riding you are at. She's a true sweetheart of a mule. She has spent a countless amount of time out on the trail. Trixie will happily walk right off the ranch, hop into any trailer, or go with a group and be happy no matter

where you ride her in the line up. She's a solid minded mule that will help anyone gain confidence. You'll have the safest mule in the barn and trust that you will have an incredible ride on her whenever you sit on her back. We've taken her through water, over bridges, and she's quiet with traffic. She has the best headset, gathers up, moves off leg pressure, picks up either lead, and always aims to please. She's a mule you can feel good about letting anyone of any level get on and know that she will take care of them. She does not have any bad habits out in the field or in the barn. She stands like a lady to be groomed and tacked. She's great for the farrier. You'll always enjoy her three, smooth, easy to sit gaits wherever you go. If this beautiful unicorn is what you've been looking for, please call Colby Gines @ 307-272-5367.
