Description

Josie

Josie is a 9 year old grey mare mule. She stands 15.0 hands and weighs approximately 1097 lbs. She is a well put together mule with correct confirmation. She is very muscular. She has a very willing mind and a good attitude about learning new things. She has a sweet face and gorgeous head and ears. She was previously owned by an older gentleman in Sanger, TX. Unfortunately, he passed and we had the opportunity to purchase Josie from his wife. She has had good kind treatment her whole life. That makes for a good mule. She is very loyal to her rider and sure-footed in all types of terrain. She is very athletic in her movements. She can work all day, go show a nice reining pattern or excel at a mule show. We have done all three aboard her. We have used her here on the ranch to work cattle. We are starting her on team roping, sorting, barrels and poles right now. We have also rode in parades, rode on trails, and will use her in our cowboy camps this spring. She has had her teeth floated and will be current on her Coggins test, vaccinations, worming and will have a new set of shoes at the sale. You won't go wrong with purchasing this nice mule. Feel free to come try her here at the ranch before the sale or at Bryce Canyon prior to sale day. She really is spectacular. You can buy with confidence from our family. We have been in the equine industry for many years. We have been training and selling mules and horses for over 30 years. We would love to help you find your first mule or your next mule. Feel free to call and ask anything you would like to know about Josie. For more info, contact Mark or Jennifer Bailey at 501-213-8594.
