**Year** 2014

**Gender** molly

**Color** Bay

**Height** 14.3

**Location** SD

**Description**

Felicia

We are proud to bring Felicia to Chrome in the Canyon this year. She is kind and gentle everyday. We have ridden her all over, from ranching duties to trail rides in the Black Hills of South Dakota to play day events, she is always agreeable. We have shot guns off of her back with barely a flinch. You absolutely can not rattle this girl. She rides well, with a nice soft neck rein and great stop. She will go over or through anything you point her at. She is great to catch, great with her ears and feet and never any buck or bolt. She is suitable for any level rider or handler and has a pretty head to boot. There has been a lot of time spent with this mule and she will make a great partner for many years to come. Call Matt Zancanella @ (605)-695-4797 for more information!

**Quantity:** 1
