**Year** 2016

**Gender** john

**Color** Sorrell

**Height** 15

**Location** MO

### **Description**

Twister

Twister is a 6 year old gelding mule that is safe for anyone and dependable as they come. We cannot say enough good things about this outstanding gelding. From using him for ranch work, to trail riding, to roping in the pasture and doing everyday work, Twister is the mule for it all. He is the go to when we need something to just get on and go no matter what we use him for. Twister's primary job in life has been a using mule for ranch work where he is always dependable for doctoring, branding, and

sorting. We have also used him in other phases of ranch work from penning and sorting cattle at the local livestock yard to gathering and checking fences on the ranch. He loads/unloads, trailers, ties, saddles and bridles with ease. Great to clip, bathe, pick up all 4 feet, and stands quiet for the farrier as well as the vet. He has a great one hand neck rein and lopes right off in his tracks. For more information, call Jason Griffin (573)-225-7144.
