Description

Jack

Meet Jack, he has unique markings that will get you noticed anywhere you go. Jack is 15 years old, broke, safe and gentle as they get. He stands 14 hands and has a widely built chest and hip so he's small enough to carry kids and big enough for any adult. Jack is at the point in his life where he will stay the same sweet mule even with time off from riding. He has a great personality in the barn or pasture, he doesn't have any bad habits. He has been ridden by all levels of riders. If we are going on trail rides or moonlight rides, he is the one we put green riders on and don't have to worry. He has been hauled all over for trail rides and hunting trips. Jack has been in Colorado for multiple elk hunting excursions so he has led the pack string and has been packed on. He crosses water, logs, bridges and obstacles with ease. He has countless miles out on busy roads where we live, and traffic doesn't faze him. Jack can be ridden out by himself or in a group, it's no difference to him. We have used him to move and rope cattle for doctoring in the pasture. As much as he loves trail riding, he also has a nice walk, trot and lope in the arena. He knows his leads and moves well off leg cues. He

has excellent ground manners, is easy to catch, loads on the trailer, great to handle his feet, easy to groom and loves baths. We have known and ridden with Jack for the past 7 years. Last year, we got the opportunity to purchase him and now are happy to offer him to you. If you have any questions about Jack feel free to call or email us.
