## Buttons

Buttons is a cute little black mare mule with a fun personality. She is 9 years old and 13.0 hands tall. Unfortunately, we do not know her parent's history. We purchased her from another family with small children. She was exclusively rode by 2 kiddos, ages 7 and 10, for the last 3 years prior to us purchasing her. They rode her at chuckwagon races, parades and on long trail rides. Since we have owned her, she has been rode everywhere we can think of and night and day. We have done more bridle work and tried to make her better in every way. We have also rode her in parades, took her through all types of obstacles, competed on her at mule shows, took her on multiple trail rides off the ranch, hooked her to a cart and even used her for riding and packing during our cowboy camps. She has a smooth way of going and no quit in her. She will ride all day for you. We feel she is the complete package for a riding mule and she drives too. She can be hard to catch when she doesn't know you. After you get her in a routine and she knows you, she gets better about it. Her sweet and trustworthy features far outweigh that one little issue. In the last 4 months, Landon, our 14 yr. old son has been riding her and testing her out in just about every way possible. She has passed all his requirements as a nice kid mule or mule for a smaller adult. She has had her teeth floated. She is current on her Coggins test, vaccinations, worming and she will have a new set of shoes on sale day. Feel free to contact us and ask anything you would like to know about Buttons. You are welcome to come here at the ranch and take her for a test ride. For pics, videos and more info, call or message Mark or Jennifer at 501-213-8594. We do have a strong history in selling quality mules at this sale and other sales. We have been training and marketing mules for over 30 years. References from previous buyers can be provided upon request. Don't pass up this nice little mule.
