Description

Sloane

Sloane is 3 years old, and he stands at 14.3 hands right now. He weighs about 1125 lbs. He is one of the smartest and kindest mules we have owned in a while. He is very straight and correct in his confirmation. He has such a nice soft and kind eye. He really aims to please you. He has that cool red dun color. We purchased Sloane at the Jake Clark Mule Days sale in June of 2021. His barn name was Gunny then. His dam is a Doc's Playgun mare. She is an own daughter of Doc's Playgun on the sire's side and an own granddaughter of Smart Chic Olena on the dam's side. He is out of Jake Clark's nice jack named "Big Jake". Big Jake has produced many nice performances type mules. Once the previous owner sends me a copy of the mare's papers, we will be getting him registered. We hope to have it done by the day of the sale.. Sloane is very

athletic, wants to really work a cow and is started right on cow events. We have him going nice on team roping, team sorting, barrels, poles, obstacles and on trails. We have used him here on the ranch for all types of tasks. We have rode him in parades and have even taken him to some local mule shows. We have exposed him to everything possible. He is not spooky or distrusting of people. That is just one of his good traits. That makes him easy to catch, halter, tie, bridle, saddle, load, ride, bath, clip, trim, shoe and much more. He is an easy keeper and sweet to other equine. Feel free to come to the ranch here in Linden, TX to try Sloane or at Bryce Canyon before sale day. We know you will love this nice young mule. You can buy with confidence from our family. We have been in the equine industry for many years. We have been training and selling mules and horses for over 30 years. We want to help you buy your first mule or your next mule. Please feel free to call and ask anything you would like to know about Sloane.
