**Height** 14.2

**Location** MO

### **Description**

Pairadice's Iggy

Pairadice's Iggy is a 5 year old buckskin/dun molly mule. She is 14.2 and weighs 900 pounds. We have had Iggy since she was three (3). We started her as a 3 year old and have been riding her ever since. She was great to start and is super willing to learn. She is very friendly and comes when you call her name. She LOVES attention and is easy to clip and shoe. She has lots of arena riding and trail experience. Iggy is as smooth as any mule you will ever ride. She walks, trots and lopes great circles, takes her leads great, neck-reins, has a big stop, side-passes and backs. She is very soft in the bridle and on her side. I use her in the stockyards to pen back cattle and she is really cowy. We have used her for all aspects of ranch work. She has logged 100's of miles hog hunting and following a pack of cur dogs. She has even packed dead hogs out. She will go where ever you point her. She will ride by herself and with a group. This is an exceptional

young mule with all the looks you could ever want. She is gentle enough for anybody to ride and loves attention. She sells 100% safe and sound. Iggy has excellent conformation with a clean neck, pretty head, and a great back that holds a saddle good. Iggy is by a gray jack out of Flora, AR and out of a registered APHA Dun mare by the name of Tahquechi Blue. You will wake up every morning looking forward to going to the barn to see her sweet face. You will appreciate her disposition every time you halter and saddle her. For more information, call Loren Basham at Pairadice Mules at 573-308-2709.
