Description

2S Above All's Miss Jaunty

Jaunty is a stunning registered Clydesdale mare standing at 18h+. She is dark dappled bay with dapples that stay all year long and two black front legs you will be thankful for on wash day! Her mane is long enough to put in a running braid and her tail was docked when she was young for driving. She is impeccably trained and completely safe without being lazy at all. She is a super sweet mare that is

trustworthy around children and even weaned her sisters colt last year. She does not neck rein yet, but could easily learn. Has been ridden English and western and even started over ground poles. Her half sister is a 3ft Hunter. She has been trail ridden and shown in Halter and driving, as well as one dressage show. She moves off leg very well for her size and has started working on lateral movements. She is soft in the bridle and very willing. If you've ever had a mare with attitude this girl is basically a gelding. Jaunty is an easy keeper and has been kept on pasture 24/7 as well as in a stall. She is an absolutely stunning mount that always gets attention. She has zero bad habits. She will stand quietly tied or to mount, is great for the farrier, and trailer. Jaunty will also ground tie and has been shown in halter so much she's very easy to photograph as well. She's perfect for clipping and very used to leg washing. Jaunty is a very special horse that deserves a home where she can really be enjoyed. She takes care of her rider. We have had zero soundness problems with her, PPE's are welcome and can be arranged. If you have any interest or want to come visit with Jaunty please feel free to contact us. Please call Rebecca Strout at #574-520-3033 Osceola, IN.
