**Year** 9

**Gender** molly

**Color** Red Dunn

**Height** 15.1

**Description**

Sugar

Sugar is a 9 year old 15.1 hand quarter horse type molly mule. She is a pretty molly with a huge hip and a big soft eye. She is out of a Sugar Bars mare and a mammoth jack. Sugar is sweet, kind and a careful mule. She is not spooky. She has been packed and ridden in the Eagle Cap Wilderness, the Salmon River country, and all over the high desert and mountains of Oregon. Trail work is her specialty and she is a careful, reliable mount. Sugar is a medium speed walker and will carefully cross bridges, water, down trees and most anything you would encounter on the trail. She doesn't have a fancy handle and probably won't win any races but she has always carried us safely down the trail. She is a big, stout molly, suitable for a larger sized rider but is sensitive and easy to handle for a lighter rider. She has no quirks and is easy to catch, clip, trim,

bathe, load and haul. For more information contact Pam @ 541-280-5077 or email [fourniertraining@gmail.com](mailto:fourniertraining@gmail.com).
