Description

Grace

Grace is a 12 year old, apricot dun, molly mule with four white socks. She stands 14.2 hands and weighs 1,050 lbs. Grace is our 6 year old son Ian's mule. In 15 years of marriage Ida has never picked a mule to ride and do ranch work with but Grace has won a spot in Ida's string. Grace is a very handy mule for any job. She has a ton of heart and is an all around great ride. She will ride with the group or leave the group with no hassle. Ida has used Grace to pony colts that don't want to lead. She has also rode her all over the Beartooth mountains and there isn't any place she won't go on Grace. Grace will be the first one to the gate every day no matter what. She loves to see you and she is a real sweetheart. She is great with her ears and feet. She loves anything that has to do with you giving her attention. Grace is the best from the trail to the ranch. She is a great riding partner. Don't miss out on this awesome mule. We encourage you to come to our place and try out our mules. We live 30 miles out of Cody Wyoming and have a vast amount of trails you can ride any of our mules on. For

more information or to make a appointment to come see our mules please call us at 307-250-0900.
