Location KY

Description

HERB

Herb is a 14 year old, 16 hand John mule. Herb is stout made and built to work all day and come back fresh again tomorrow. He is an excellent trail riding and ranch mule. If you point his head, he will go, no questions asked. There is no hill too steep or terrain too rough for him. Herb has a very nice, ground covering walk that gets you where you need to go. He will fearlessly lead the group on the trail, ride out alone, or sit back further in the group. Herb steps over deadfall, walks over small creeks, goes into deeper water, up and down hills and banks, jumps off rocks, you name it...he'll do it! He also walks nicely down an uncomplicated trail or across the field. Herb walks, jogs, and lopes. He neck reins, moves off the leg, and will turn around. He also is used to a hard day's work on the ranch. He walks quietly through the cattle, will sort one out, and has roped and doctored many. He's been used in the stockyards and loaded out trucks. Herb has nice stall manners, stands tied well, loads and unloads with ease. For more information or questions, please call/text Jonathon Waugh at 606.748.9721
