**Email** rlsrboarding@gmail.com

**Location** TX

**Description**

**MONROE**

Monroe is a 5 year old grade quarter horse mare. She is riding one-handed, she stops on whoa, she has doctored yearlings, drug calves to the fire, and been heeled off of at the team roping jackpots. She has an additional 60 days on the heading side and is very closed to being finished. She has been ranched on extensively for her age and hauled to the rodeos, seen the sights, and heard the noises. This mare will lope very nice circles, does lead departures and lead changes, and is soft in the face. You can open and close gates off of her back faster than most people can do it. She stands 15 hands tall. She is a trail horse deluxe that will go through any depth of water and under or over any trail obstacle. She has been over bridges, through water, in thick brush, and deep mud. She is extremely willing and always up to work. My 12 & 10 year old daughters have used her on the ranch, hauled her to playdays, ponied colts off of her, and lope her around in a halter. She's sound, barefoot, can live with a herd, and current on

everything. We are always open to PPE at the buyers expense. Please feel free to contact us at 830-203-0787 or [rlsrboarding@gmail.com](mailto:rlsrboarding@gmail.com)
