McCall

Who loves a great looking dun mule and one that's not too tall to step on, 14 hands to be exact?! Meet McCall! He's 100% proven trail mule. He's been hog hunted off of and led dogs. He's gentle and willing with a strong smooth walk. McCall is not a slow poke and loves to travel. He has a really nice one hand neck rein. Traffic or the hustle and bustle of everyday life won't bother him at all. He aims to please! McCall is sure to take care of you, your wife, or your grandkids. He's handmade with great color, perfect size, and a great mind. He's as honest as the day is long, super kind, always gentle. Just saddle him up any time of the year and he's always ready for an adventure. McCall is ideal age at 12 years old and has been there and done that. We guarantee you'll like him! McCall is offered for sale with a vet exam and full set of xrays to view before sale day. Come take a spin on him at our house or even in Bryce Canyon before sale day.
