Chexmaster's famous sire, Nu Chex To Cash, is one of the most influential sires in the modern performance horse world, he himself won countless world titles and \$63,000 NRHA, produced \$3.6 Million, in addition to siring some of the most famous reining horses of all time, including Wimpys Little Step, Lil Joe Cash and many more. Rosie's Paternal Grand dam, Snip O Gun, is one of the elite group of mares (only 3 in the world) who have produced over a Million dollars in progeny earnings. Custom Made Spook, Rosies dam, is by a horse who needs little introduction, an all time leading sire,

Rosie is a big, beautiful, kind mare, who wants to be your friend and answer every question you ask of her with a great attitude and pricked ears. She has been in a professional training program since she was started, and is incredibly well broke. Rosie is an absolute natural for the Ranch Riding classes, and has world class potential in this event, with her soft, smooth paces, fantastic transitions and her "can do" attitude. Shown just once, at one of the biggest shows in the world, The AQHA Suncircuit show, she made the Top 10 in the open, Ranch Riding in a huge class with a 218 score, showing that she can compete against the very best in the world. Rosie is happy to drag logs, have ropes thrown off her, jog or lope over poles or logs, side pass, back up, or just about any maneuver you would find in a ranch class. She has had plenty of exposure to cattle and is happy to help move them around or simply ride out to the pastures to check on them. There are so many jobs, a big beautiful mare like this could do, From Ranch riding, to Horsemanship and Showmanship, and performance halter, to Versatility classes, to working on the ranch & roping or simply being the best trail horse you could ever wish for. Rosie has been ridden all over the Sonoran Desert, across all kinds of terrain, where she proved to be sure footed, steady and dependable. Happy to go first or last, her comfortable smooth gaits will carry you across miles of trails. Rosie is perfectly happy to ride down the road, and isn't the least bit worried about traffic or the other distractions found with outside riding. This gorgeous mare is a once in a lifetime horse for someone looking to show at top level or have a life long partner on the trails. With her very royal bloodlines, she will also make a fabulous broodmare later on. Rosie is quiet and kind in the stall, has no vices and has been 100% sound since day 1, with clean legs and good feet, she is built to last a lifetime. She is absolutely perfect to tie up, groom, clip, bath, haul and load, and absolutely loves all the pampering and attention. Rosie will meet you at the gate every day when you turn her out, whether she's been outside for 6 hours or 10 minutes! Rosie will suit almost any level of rider and is available to try in Scottsdale Arizona prior to the sale. A Pre Purchase Examination with radiographs will be performed and reported on next week, and will be available to all potential buyers.
