**Height** 15.1

**Description**

Brenda

Brenda is a 6 year old, black molly mule that stands 15.1 Hands. Here is a mule for any level rider. She knows her cues and is a very friendly people loving mule. Brenda is very easy to catch and stands to mount. I started and trained her myself when she was a 3 year old and she has never shown any buck. She was always very easy. The last 3 years she has been trail ridden a lot primarily by women and children. Brenda is an extremely nice mule with a very good history. I bought her from the man that raised her. She's been there and done that. She's been up and down rough and steep terrain. She's soft in the mouth and works off your legs. She is the same mule every time. She's rode a lot by my 8 yr old daughter. Don't miss this kind hard to find mule! For more information please call Enos @ 870-895-5225.

**Quantity: 1**
