Description

MS HYDRIVE GOLD

MS HYDRIVE GOLD....is an impressive home raised 2014 Dun mare that stands at 15 hands and weighs 1175 lbs. By an own son of Hydrive Cat that was personally owned, out of a daughter of Gold Olena Pine that has raised several foals for us in the past years. Having owned both her Sire and Dam gives us great insight to the ability that this mare possesses. Ms Hydrive Gold has absolutely No vices!! She has never bucked a day in her life, Not One!! She is very gentle and kind and will stay that way no matter how long she has off. She has experience inside and outside of the arena. She was started in a cutting program as a three yr old and moved on to make waves in the sorting pen. She has since been started on the head side and in breakaway. Having had plenty of miles outside on the ranch, she will be great on all terrains and great on even the toughest of trails. She has been a family favorite for a long time. Please come see her at the ranch and try her for yourself! You may call or text with any questions you may have. Matt Mardis 580-471-5914
