2013 Blue Roan gelding  
AQHA and FQHR 96.48%

Blue is an eye-stopping jaw-dropping very gentle gorgeous blue roan! He is one special horse. Easy to catch and easy to love.

His gift is getting you as far up & out on the trails as you want to go!

He has been to the Faces of Mount Rushmore in South Dakota, the Gorgeous High Country of North-Western Colorado & followed the Desert Sun of Arizona.

He is steady, sturdy, & sure footed. Is good with riding in the dark. He travels anywhere in the line & loves to go out solo for a ride with just his rider! He will stop and wait for you and can get as technical as he needs to without any hesitation. He loves crossing water, bridges, mucks & mud. Steps nicely over logs, rocky terrain, narrow paths, or the wide open, Blue is steady and careful all the while you can take pictures and enjoy your favorite drink. If you are looking to get outside and off the beaten path, for a day, a week, or full time, Blue will get you where you want to go! Blue will stand tied, at the trailer, or tree line all day, load with ease and is an In Your-Pocket guy. He also is a great roping and or sorting prospect. Blue will work all day in the open range or in the cow pen. He is the perfect fit for your working ranch needs, and understands when he has a job to do

He is a people guy and a gentleman to be around.
