GRAVES HOOEY PEPPER

We have owned this beautiful gelding since he was two years old. Curtis has been used every day, either on our ranch taking care of cattle or as a turn back horse in our cutting horse training operation. He has helped halter break mustangs, and has gone all over the country to cutting horse shows and turned back all day. He is a favorite among all the kids at the horse shows because of his unique and friendly personality.

Curtis is quiet and gentle everyday. He is always happy to go to work, whether you need him to rope and doctor cattle or go for a relaxing trail ride. Curtis has very good manners and stands perfect for the farrier and for haircuts. He really enjoys being groomed and getting peppermint treats. The fifth time I rode him, I used him to drag calves. He is so much fun to use, and he's the first horse I catch and ride everyday! Curtis is definitely a special horse. He possesses many qualities that are not often found in the same package. Curtis is very easy to get along with and will never give you any trouble. He is good in the arena, out on the ranch or in town at a crowded horse show. He is kind to other horses and likes dogs. Loud noises, heavy equipment and traffic do not phase him. Plus he is easy on the eyes! They don't come more blue roan than him! Standing 15 hands and weighing 1000 pounds, he is the perfect size. Curtis is a good horse for any level of rider and is the perfect equine partner! For more information, contact Teryn @ (580)-272-8225.
