**Location** WY

**Description**

**YELLOWSTONE**

Yellowstone is a horse even John Dutton would be proud to ride! This 5-year-old, 16.1 hand, 1400lb, Draft Cross gelding is about as versatile as they come. This head turning blue eyed buckskin has got all the chrome, color, and shape one could ask for with a sweet disposition and inquisitive personality. Yellowstone is a true Family horse and adapts to match his rider. He has been ridden on many miles of trails, is well versed in the arena, and exposed to everything on the ranch. If you are wanting to cross a river, step over a downed logged or walk over that old, rugged bridge, Yellowstone does it all without hesitation. He has truly done it all from roping and dragging calves to the fire, to sorting horses and starting colts. Yellowstone rides off soft and collected every time, picks up both leads and really works off your leg. He's happy to ride out alone or in a group. There's not a mean bone in his body, and he saddles up the same every time. He rides both Western and English. In addition to being broke the very best to

ride, Yellowstone is also very well broke to drive! The foundation is all there to make the fanciest pickup horse around. In my opinion this is a once in a lifetime kind of horse. Checking all the boxes doesn't even cover it. He's incredibly versatile, he's been called on for every job and delivers in style! He will turn heads everywhere he goes and be the most reliable ride money can buy. From the weekend trail rides, to the summer parades, to earning his keep around the ranch, he is simply the BEST! He's a total gentleman for the farrier. He's good to clip, bathe, load, and UTD on all his shots as well as teeth. He comes with a sale exam and clean x-rays. We highly recommend that you come to our place in Wyoming and try him before the sale! We will arrive early for the sale in Fort Worth, we'd be happy to schedule a time with you to ride him there if that works better for you! We would be happy to tell you more about this Rockstar gelding or answer any questions you may have, please feel free to call or text Nick @ 307-368-0622.
