Description

RABER'S NOT SO DUSTY

Take a look at this fancy Draft Cross gelding that is broke the best to ride and drive! Here is one that's got the looks and had many miles under his belt and is ready for his forever new home! Dusty is a 4 yr old Grey, Percheron/QH cross gelding that stands right at 16H tall and weighs 1400lbs. He sure does have the looks that will get you noticed with the best mind you can have on a horse. He rides English or Western and he drives just as good as he rides. He's been right through town in busy traffic and it does not bother him one bit, he's seen it all! Dusty rides in big open fields with a nice loose rein and is easy to control, trail rides by himself or with big groups, has been hauled to state parks, he crosses creeks, logs and will go up/down rough terrain. Dusty rides great in the arena as well, knows his leads and lopes pretty circles. He has a one

hand neck rein and knows all the leg cues. He's very soft in the bridle, side passes, pivots, open/closes gates, good with all the arena toys such as balls, tarps and bullwhip cracking. Dusty also does liberty work and will follow you wherever you go with nothing on him and has a very willing attitude. He is very good with the farrier, stands to be saddled and for the rider. Dusty is the type of horse that could go many different directions. He'd make a great family horse, carriage horse or use him on the ranch to work cattle. He'd also do well in dressage riding and has done some jumps. Dusty would be suitable for most any level of rider. He rides outside in open fields with absolutely nothing on his head, you can control him with just leg cues. He's good to be stalled or out in pasture with other horses and is easy to catch and has no bad habits. Dusty sell's 100% sound with no health issues. If you're looking for something special than don't miss out on Dusty! If you would like to come try him or want more info please contact Edwin @ 319-283-0616.
