Description

King hickory wood

Hulk is 1400 lbs of gorgeous, steal grey gentleman! This rare find started out in a feed yard in the Texas panhandle with great hands, he then went on to be a ranch horse, and was started on both ends team roping in the arena. Hulk is quiet in the box and solid in the field, lots of rate and plenty of run. This big beautiful gelding is FUN to ride, he has the smoothest short lope, performs simple lead changes, stays soft with a low headset, has a great handle, and a big deep stop. Hulk also possesses the most

perfect manners we have seen in a big horse. Any person, young or old, big or small, can handle and ride this horse! He is so kind and gentle! We have put Hulk to the test and learned you can absolutely stand him up on full feed with ANY amount of time off and when you saddle him up he is the same gentle giant he was the last time you rode him. Besides his time in the performance world, Hulk has been our 6 yr olds favorite mount. Hulk has packed Kyler around everywhere from Wickenburg AZ to the Palo Duro Canyon. He's even packed our photographer and her precious cargo around through the Canadian River. Don't miss out on Hulk! I'm not sure where you'd find another as big and pretty, full of talent and brains, that's had a big time job and all the experience you need, and still stays this gentle! Please give us a call if you have any questions @ 806-282-7093!
