**Location** IA

**Description**

Morning Star Dollar

Everyone check out Dollar! This is an extraordinary gelding that I purchased from the original breeder, and have had the privilege to do the majority of his training. He has been nothing but a pleasure to have around. Dollar has a solid foot and bone, and has shape and muscle all the way through. This beautiful buckskin has done almost everything you can do on horse back. Dollar is a top notch trail horse that has been hauled across the country riding in all types of terrain. He has never refused to go anywhere he is pointed, he crosses water with ease, is sure footed, and is great in tight spots. Dollar is also an outstanding ranch horse. I've used him to gather, sort, doctor, and rope and load wild cattle. Dollar is level headed making him an outstanding arena horse. He walks, trots, and lopes circles correct and slow, has a big stop, and a smooth

turnaround. If roping is your thing, Dollar is a cool head horse as well. He scores solid, can run, rate, has a nice move in the corner, and faces well. He's very easy to rope on and will be ready to hit the road. This fancy gelding will get you noticed where ever you go, weather you choose to take him to the arena or ride for pleasure. He does not get fresh being left off for long periods and will be the same horse every day. He has been ridden by all levels of riders from young to old. Everyone that rides him enjoys the ride. Dollar is easy to haul, wash, shoe, and is a pleasure to be around. He gets along with other horses and will always be in your pocket. He sells sound and has no vices. He's current on worming, dental, shoeing, and has negative coggins. Dollar is sure to be the perfect addition to any barn. For more info please contact Joel 563-599-3755.
