Location OH

Description

BUCKEYES HERSHY

Take a look at this handsome guy! Buckeye's Hershey is a registered 2016, 16 hand Friesian Sport gelding that is all black. He carries the signature look of the Friesian and loves to delight the crowds wherever he goes. He is not only fun to look at, he is also a joy to ride or drive as he is equally trained to do both. Hershey by an Awesome Friesian Stallion and out of a percheron/morgan mare. He has three very smooth and comfortable gaits that anyone can ride and enjoy. He has been raised right here in the area and has been on numerous trail rides all over the place and will walk right off the trailer and act like he has been there his whole life. He has been used in Friesian Expos and handles the crowds with ease, driving at full speed around the ring and then coming to a complete stop and standing still until asked to move forward. He has a

wonderful personality and really enjoys working with people. He will look for you when you come to the barn and comes running out of the pasture when you call. He has no bad habits and is always a gentleman wherever we have him. He is wearing shoes all around because of where we ride him. He stands great for the farrier and the vet and will stand great to be groomed and tacked up. Hershey has been ridden in large groups and will lead or follow, or you can safely ride him right off the farm and he will not give you any issues. He will cross bridges, go through creeks and deep water, ride quietly in heavy traffic and is balanced in the arena. He has been ridden Western, English and bareback. He knows his leads and is not a complicated horse for anyone that wants to enjoy riding him. He is a horse that you can let sit for days or weeks and he will always be the same each and every time you get him out. We have taken him through our program and he comes out with flying colors as he took everything in with ease. We can shoot guns off his back, throw balls around him, swing a rope off him and take him through obstacles without him giving us any issues. He knows our tricks of laying down and will be able to do it for anyone. If you feel that Hershey is your horse of choice, please give Duane Yoder of Buckeye Acre Farm a call at 330-231-2324.
