**Description**

HI IM REYDIOACTIVE

REYDIOACTIVE is by the \$47 million sire, DUAL REY, and out of STYLISH PLAY LENA, producer of over \$2 million. He is a full brother to HALREYCIOUS. HI DEE ICHI is by CAT ICHI, that is an earner of over \$306 thousand. ICHI is an eye catcher. He is a big boned, thick made gelding. He has been used on a ranch dragging calves to the fire, doctoring yearlings, sorting pairs and is very stout to the horn. He has had feedyard and sale barn jobs. ICHI will watch a cow and is great to sort on. He is very cowy and quick footed. ICHI has been used for elk hunting being packed on in the mountains maintaining excellence on the trails. We have hauled this gelding to numerous ranch rodeos, team sorting and has a good start heading and heeling. He has lots of run and rate, stays calm in the box on either end. He has also had a few calves breakawayed on him. ICHI is

very quiet and level headed, immune to the noises as he has been used in parades. ICHI is great for any age or level of rider. My 4 year old daughter rides him. There isn't much he hasn't seen or can't handle. Great to bathe, shoe, clip. 100% sound and sane. For more information, call Tyler @ (620)-255-4784.
