Description

BLUES SMARTY BOY

Shining P Horses is proud to introduce BLUES SMARTY BOY a.k.a. Black Dragon. Definitely the fan favorite in our barn! Not only is he built incredibly well and perfectly sized but he is about as beautiful as they get! Black Dragon is a 10 yr old BEAUTIFUL black gelding that stands 14.2 hands and weighs 1100 lbs. We truly do not have enough good words to say about this gelding! He is extremely easy and would suit any level of rider! From throwing the kids on him and being a baby sitter to being a performance horse in the arena he will do it all! You can turn Black Dragon out for months and not have to worry about any buck or silliness whatsoever. He is extremely broke, moves off leg pressure, neck reins and is a big stopper! Black Dragon spent close to 2 years under a reining trainer so he has all the cool moves and buttons built in! He is by one of the most beautiful, talented, well built stud around (Val N Tine Blues). Black Dragon is a been there done that type gelding. We have used him as a pickup horse for mini broncs, flag horse in grand entries of big rodeos with giant crowds, JR rodeos, mountain/pack horse, dragging calves to the fire, versatility shows and much more! He is very willing and GREAT minded. Whatever you throw at him he's gonna do it! Black Dragon has a few tricks he can do also like laying down, bowing, etc.

They do not get any funnier then this boy! He is truly BOMBPROOF! Black Dragon is a very easy keeper, gets along great with others, hauls fantastic, loves his bath days, clips, stands tied anywhere and is in your pocket type of gelding.

He is built to last...sound, gentle and very broke!
