Description

SHINING DAKOTA HONEY

Honey is an absolutely gorgeous 6 year old mare who glows like honey inside and out. She is calm, sweet, and loves attention. Honey is a great horse for the whole family with the temperament and ability to do many things! Honey has been used for diverse types of riding and taken everything we've thrown

at her with grace.

This classy mare has competed in Top Hand Cowgirl Challenges, Fun days, Barrel Races, Poles, Rodeo Queen Camp, and she can even be ridden Bridleless. Honey has had a natural aptitude for trail riding since she was a three year old with less than 60 days on her. She crosses water, bridges, railroads, and is traffic safe. She's been complimented for her calm demeanor, behavior, and beauty everywhere she goes. Honey seems to take to kids even more than adults when she gets a chance to have a young rider she seems to truly enjoy it. She is the type of horse that can have months off then pickup like you rode her yesterday, honest and sweet through and through. Easiest traveling horse you'll find, loads herself when you point into a trailer, unloads nice slow and careful, she's great for the farrier and vet.

This Golden Hearted girl will be missed, but we're excited to see her make someone very happy.

UTD Farrier, Vaccinations, Coggins.

Recommend she be in shoes with a lot of riding.

She's got a recent PPE details listed, as well as Xrays! (All as of 09.26.2022) Floating is due and scheduled for October 12th! (before the sale)

6 panel tested n/n and color test results are eeAaCr W20

Please feel welcome to call me (Adair Schulzetenberg- 701.537.4272) with any and all questions! You are welcome to schedule an appointment to see and try her any time before the sale at the farm in Maxbass, ND as well!

she will come with all her medical records (from the last 4 years just regular vaccination/coggins/health certs/brand inspections) and 6 panel test results. I'm also including custom bronc band halter with her name on it, and the bit she's currently been in.

Height: 15
