Looking for a prospect without guessing if he will be "the one"? "Pumba" is super broke and lightly started on the barrels. He is naturally collected, has a big stop, and is very light mouthed. He has traveled to rodeos and barrel races throughout summer. He ties to the trailer overnight, eats and drinks on the road, and rides as good in new

places as he does at home. He has been ridden out through the field, in busy barrel racing warm up arenas, and rodeo arenas with flags, banners, and fireworks. Pumba has a great mind and he is as gentle and kind as any two year old around. Anyone will be able to take him and turn him into a phenomenal performance horse without worrying about the fractious mentality. You can ride him five days a week or once a week and he is the same horse either way. Bathes, clips, ties, good for the farrier, vaccines, deworming, etc. NO bad habits or issues. Pumba also has great bone and feet. He is built to stay sound for a lifetime.

Pumba's pedigree speaks for itself. He is by Platinum Bully who has produced barrel racing standouts in the US as well as Brazil. Platinum Bully sired Dash Bullyon who has run EIGHT Sub-17 second runs on a standard pattern. He is out of Little Royal Dream who came from the Lance Graves breeding program. She is by Hesa Gay Dreamer who sired Hesa Cowboy Dream who is an International Finals Rodeo (IFR) qualifier as well as Futurity and open 1D winner. Little Royal Dream's dam is by Sail On Bunny (Speed Index 108; LTE \$908,000+) who has produced race and barrel racing money earners.

Pumba is up to date on vaccinations, deworming, shoeing, and dental work.

He has a small, cosmetic scar on the lateral left front pastern. It does not affect his soundness.

He has a small splint on his right front cannon bone. It is over one year old, cold to the touch and has been vet checked. Vets said it will not affect him in any way.

Vet checks are more than welcome at buyer's expense.

Interested bidders are welcome to ask any questions and/or request more pictures or videos and I will be happy to try to accommodate!
