Description

TOAD

Toad is a real dark golden palomino who stands 15.1 and is as wide and thick as they get. This horse is the same every time you get on him. He's gentle, has a lot of feel to him, soft in the face, and moves off of leg pressure. He's got a nice stop, he walks, trots, lopes, side passes both ways, and backs up. He's been used gathering cattle in the big country, he's been used for branding calves, pulling sick ones in the feedlot, and all the work there is for a horse at the sale barn. This horse has been rode at some state parks on the trails and is a joy to ride for anything. This horse is a trooper if you need something tough to get a job done. Toad is a super easy keeper, any job you need done or if you're just wanting to ride some trails, you won't be disappointed when you get him home. Call 712-451-9755 with questions

Height: 15.2
