HOT SCALE

Meet Captain, our version of a once in a lifetime horse! At just 6 yrs old and standing right at 15 hands tall with flawless confirmation, a mouthwatering look, talent to burn, gentle, sensible, and the single most versatile horse I've ever stepped across! He is truly one in a million and is incredibly special to our family. We have done everything under the sun on Captain. He has been successfully shown in the reining, boxing, western rail, ranch riding, cow horse, and the versatility ranch horse class! Captain knows his job and is incredibly trained. But is also quiet, forgiving, and will fit any rider like a glove. This horse absolutely does not get fresh in ANY way, no matter the time off he still saddles up the exact same every time. Not only is Cap a wonderful show horse but he has had real world experience as well. We have doctored some cattle on Captain in the wheat pasture, branded lots of calves on him, used him to wean and sort calves, and we've steer stopped quite a few on him in the arena. Captain has all the run

you could need and plenty of rate to go along with it. He puts you in the right spot every single time and absolutely takes the best care of you no matter your experience or lack of! Captain has also been rode by our 5 yr old daughter. He has safely taken her through trail rides at the Palo Duro Canyon, as well as taught her a lot in the arena. Captain has a great look on a cow, and is easy to cut on. When I tell you Captain is incredibly trained it doesn't even cover it. He has stylish spins both directions, he can +1 the extended trot, circles perfectly, fast and slow, has effortless lead changes and has a ginormous stop! This horse is text book easy to ride, all of his cues are simple and he will literally do his job with a string around his neck. We believe this horse will fit any level of rider, he has a heart of gold, he is incredibly kind and tries his hardest at any job you give him. He has a sweet inquisitive personality that will melt your heart and impeccable manners, that make him a dream for anyone to handle! My most favorite thing about Captain is he is super versatile, and when I say versatile, I mean you could step this horse out of his stall 6 months fresh and go drag calves on a chilly morning or go to a horse show and enter almost any class they have on the entry form, or let your little one climb up his side and go for a joy ride, it really does not matter to him! Anything you ask of him he will give you his all, I guarantee it! It's no accident Captain is such an outstanding horse he is sired by NCHA Horse Hall of Fame inductee Spots Hot (LTE \$529,435 Offspring Earnings: \$7,385,864) and out of the good mare Cabana Rey (LTE \$23,740) who's foals have earned over \$50K so far! Cabana Rey is sired by none other than Cats Merada who has offspring earnings in excess of \$5 million dollars, and is without a doubt one of the most versatile stallions in the industry! Captain is 100% a gentleman, we have really enjoyed every minute we have owned this horse and I'm confident you will too! Please call us if you have any questions and we encourage you to come try Captain before the sale! Cheyenne 806-282-7093 or Levi at 785-531-2353
